

LEGENDARY ATHLETICS

To whom it may concern,

I am writing this letter of recommendation for Kyle Pettigrew in regards to his recruitment and speak on what type of asset he will be in any program that he attends. This young man is the definition of what kind of athlete we want in our program! Over the last year, or so, he has been by very consistent in training five days a week in our program. Ability and talent obviously are a factor in determining whether an athlete is “recruitable”, but what Kyle has shown us over the last year goes far beyond his athletic abilities and achievements. It is the mental toughness and commitment to survive and thrive the ruthlessness and dominance of how we approach everyday not only in our program but also as a leader amongst his peers. He is a leader in our program and his athletic achievements play just a small role in determining that. He understands how important the right type of culture is to an environment. You will be hard pressed to find another young man that not only has the frame, speed, overall athletic ability, but also the championship mentality that often times very talented athletes are missing. Kyle has been nothing but a blessing to our brand.

Im extremely proud and honored to have this young man represent our brand! He is just one of the numerous athletes representing us at an extremely elite level and our staff could not be more proud of Kyle and his accomplishments. Kyle is without a doubt not only very deserving of recruitment opportunities but you would be wise to make him a staple in whatever championship culture you are trying to cultivate.

Thank you for your time,

Seth Barnett
